### Community Outreach (Helen Duteau)

- The Community Involvement Coordinator (CIC) has drafted a Frequently Asked Questions (FAQ) fact sheet which will be sent to the regional team to begin the review process. Upon approval, Helen will distribute it to the region for review and approval. It's planned that this will be completed over this weekend.
- Alex Mandell (CIC) was on site today taking photographs of sampling activities. He will send photos to the region this weekend for review. CIC interactions with residents continue to go well during sampling activities.
- Media attention continues to be sporadic. No EPA interviews were given today but media continues to talk to local residents.
- Trish Taylor (CIC) received a voice message from a CNN producer regarding filming next week. At this time, Trish continues to follow up in an effort to make that connection.
- Both Trish and Alex Mandell (CIC) demobilized for the weekend.
- The communications team in the region continues to work with Incident Command to draft a communications strategy on how the sampling results will be released and communicated to the residents and public. The goal is to have this draft strategy completed by Monday, January

30, 2012.
